

Share the truth of God's Word by **GIVING CRYPTOCURRENCY**

Bitcoin, Ethereum and Other Cryptocurrency

Convert virtual investments into real, tax-wise Kingdom impact by giving cryptocurrency to Love Worth Finding to reach more people with Adrian Rogers' simple yet profound way of sharing biblical truth.

Are you among the growing number of Christians who have experienced fruitful investments in Bitcoin, Ethereum or other cryptocurrency? You have a smart and powerful way to give in a substantial way AND reduce your taxes!

Cryptocurrency is subject to capital gains tax. The more it grows in value, the more you will owe when you sell it.

When, however, you give Bitcoin or other cryptocurrency, you'll receive an immediate charitable deduction at the time of your gift. You will also avoid the tax bill you would have faced at the time of sale. (You must have owned the cryptocurrency for at least one year to be eligible for a full charitable deduction.)

Benefits of Giving Cryptocurrency

- **Tax-wise.** Receive a fair-market-value tax deduction and eliminate any taxes that you would have owed on the sale.
- **Convenient.** Give in a substantial way without affecting your cash flow.
- **Impactful.** Because charities are exempt from income taxes, the entirety of your gift will go to ministry!

Give Crypto Currency to Fund a Gift that pays income for life

Cryptocurrency can also be given to establish a life income gift. You'll receive an immediate tax deduction at the time of your gift and then ongoing income for you and/or your loved ones.

When you no longer need the income, the remainder of your gift will go to Love Worth Finding. It's a win-win giving solution for you and for God's Kingdom!
